

# Coming to you soon! The new class B and other airspace dilemmas!

A special opportunity to become acquainted with the new Seattle Class "B" airspace prior to the publication date of Dec 15th. There will be a discussion of C/D and E airspaces, practice instrument approaches, VFR flight following and more! Put aside your worries and come interact with Air Traffic controllers and visit the Terminal Radar Approach Control!

**Directions:** From I-5 north or south, take highway 518 west towards Burien. Take the Des Moines Memorial Drive exit. Turn left at Des Moines Way S (Des Moines Memorial Drive). Take the second left to stay on Des Moines Way S (Des Moines Memorial Drive). Arrive at 825 S 160th Street.

## A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
